

- Pewter Award – 5 points in at least 2 different activities
- Onyx award – 8 points in at least 2 different activities
- Amber Award – 11 points in at least 2 different activities
- Bronze Award – 14 points from at least 3 different activities
- Silver Award – 17 points from at least 3 different activities
- Gold Award – 22 points from at least 4 different activities

Owner/dog teams can earn points across any number of activities. Your highest achievement in each activity will be the one counted for that activity. Each achievement in each activity will count once, where a dog/handler partnership complete multiple achievements at the same level this will not earn additional points, there must be progression in the activity to progress in the awards scheme.

The points table is not exhaustive. If a dog/handler partnership are working in an activity not outlined in the table, owners are invited to submit evidence of what has been done, and any framework provided by the governing body of the activity, and the committee will award points based on the evidence submitted. The points table merely outlines the most popular activities, but examples of other things you might claim points for include working trials, mantrailing, hoopers, flyball, trick training, herding instinct tests and so on. If you would like to assist the club by submitting a proposed points framework for a discipline you are experienced in, please contact a member of the NBCUK Committee.

The spirit of the Award Scheme is to encourage all Buhund owners to honour the intelligence and versatility of the Norwegian Buhund by trying new activities with their dogs and we invite all members to apply for the Versatility Awards detailing any activities they participate in, that require an element of training, appropriate temperament and some degree of commitment to attain. It is our hope that any Buhund should be able to achieve a Pewter Award with a little effort, we would expect relatively few partnerships to achieve the Silver and Gold awards as these will reflect a significant level of achievement across multiple disciplines and over some considerable time, but we are hoping you all surprise us!

Claims may be made by any current member of the club for any dog they currently own/compete with.

Claims must be accompanied by documentary evidence in each activity. (Photocopies/scans of certificates/pictures of rosettes etc)

After joining the scheme by submitting a claim, a dog can continue to earn awards going forward with further achievements added to the current score, but will not receive awards below the level they initially achieve. Eg, Bob Jones submits a 11 point claim and achieves the Amber award, he is not then eligible to claim Pewter or Onyx but can claim in future for Bronze, Silver, and Gold.

Points Table

Points Table Continued

Points	1	2	3		4	5	6	7
